

COMP2003 Group Meeting — Minutes

30.11.2025

Attendance

- All 3 members attended via Teams call as it was a Sunday
-

Purpose of meeting and what was achieved

- Consolidate next steps regarding programming and compatibility
- Get on the same page
- Review progress
- Complete Trello, GitHub and PebblePad ahead of Sprint Meeting 3
- Liam updated us with his new plan regarding how to pull the ticket data, integrate AutoTask and create the database schema
- We discussed that we need to set up a small meeting with SecOps at some point quickly to update them as well as pose our questions
